

## Shower Pumps

### CDS AUTOMATIC

- Pump speed setting for Electric & Mixer showers
- Pump slows down after shower is turned off
- Precision meshing of pump gearing
- De-puddling cycle: pumps turns on for a brief period, 15 minutes after shower is turned off
- Modern compact aesthetics ensure that the kit blends in subtly to any bathroom

### CDS INSTANT MATCH

The CDS Whale Instant Match® automatically adjusts the pump speed in relation to the flow rate of the Mira Advance Extra Shower

- Quiet Gulley
- No set-up required - plug and play
- No flow sensor/flow switch to fit
- Whale - reliability is standard

### CDS DIGITAL SMOOTHFLOW

The Digital Smoothflow Kit is designed to eliminate gulley suction noise by precisely matching the pump flow rate to the shower flow rate. The system may be purchased as a complete kit including the control unit and pump, or as an upgrade kit to suit any existing Whale installation.

- Almost silent when running
- The flow rate of the pump automatically adjusts to changes in the shower flow rate
- Compensates for changes in the voltage from the mains electric supply

### PHLEXIFLOW HC

- Pumps up to 18 litres/min (20 litres/min in short pipe run installations)
- Supplied with large bore flexible connections to suit 22mm pipe
- Supplied with 2 high capacity flow switches & fittings (standard flow switches not suitable for flow rates above 12 litres/min)
- Supplied with low profile 22mm outlet bottom exit kit, including outlet cover
- Uses Phlexiflow pump & control unit to simplify spares stock & maintainance
- Thermal cut-out with automatic reset
- Only one moving part
