

## Walk-in Baths

### Adagio

The Adagio walk-in bath from CDS has been developed to provide a bathing solution that combines aesthetics, practicality and ease of use.

The built-in seat is contoured to help maintain an upright seating position, particularly useful for those experiencing difficulties with mobility. Boasting no hazardous catches or operating devices, and slip-resistant flooring for additional safety, the Adagio allows you to bathe in the freedom and comfort of your own home.

|                 |   |
|-----------------|---|
