RIVIERA BATH LIFT

The Riviera Bath Lift provides simple assistance to user when entering the bath and bathing. Easy to operate with a flexible hand controller, the Riviera can be used with all sizes of bath. Extremely safe, it features an integral power control which ensures the lift only lowers into the bath if there is sufficient power available to raise it again.
Quiet and gentle operation
Soft touch hand control with raised buttons
Easy to operate, one button lowers and one raises
Adjustable reclining backrest for increased comfort
2 part construction for ease of storage and transportation
Machine washable cover up to 60°C.
2 year warranty

THE MINIVATOR BLISS RECLINING BATH LIFT

The new Minivator Bliss reclining bath lift is an elegantly designed bath lift that is easy to assemble and remove from the bath. The Minivator bath lift weighs less than 11 kgs making it easy to manoeuvre into and out of the bath. The Minivator Bliss bath lift is also incredibly strong and easily and safely lift a maximum weight of 130 kgs, making sure that you feel safe and relaxed at all times.
The frame has a **lifetime guarantee**, and the control unit has a **two year warranty** for absolute peace of mind.
